Quality

above

all else.

Welcome to the world of Stayhot.

We manufacture functional, elegant & reliable food warming products that stand the test of time. We strive to achieve the very highest standard & quality in everything we create.

To ensure this, our strip heaters & heat lamps are manufactured with precision in our Swedish factory.

We combine our own production with a carefully curated range of products from trusted partners around the world.

A family owned business with over 30 years experience in the industry, we aim to continue the legacy of providing high quality products for demanding kitchens long into the future.

The prices in this catalogue are valid from 1 September 2017, and are set in Euros (€) excluding VAT.

01. Food Warmers

STRIP HEATERS, HEAT LAMPS & HOT PLATES

Whether it's for the kitchen or the lunch buffet, our goal is to keep your food hot.

Our high quality strip heaters, hot plates and heat lamps are built to last and will stand the test of time, even in the most demanding kitchen environments.

STAYHOT VÄRMELISTER

Our stainless steel strip heaters are manufactured in Sweden using only the highest quality components.

Stayhot™ Strip Heaters

Our strip heaters are manufactured by us using only the highest quality components.

Our quality strip heaters comes in four lengths and are available with or without lights.

Locally manufactured, they come with adjustable fastening ends. Table stand or chains for hanging are available as add-ons.

Stayhot™ Strip Heaters

Usage Our high quality strip heaters keep the food appetizingly warm. Perfect for breakfast- and lunch buffets.

Price € 578

Strip Heater Stands

Our stainless steel stands are designed to work with our strip heaters.

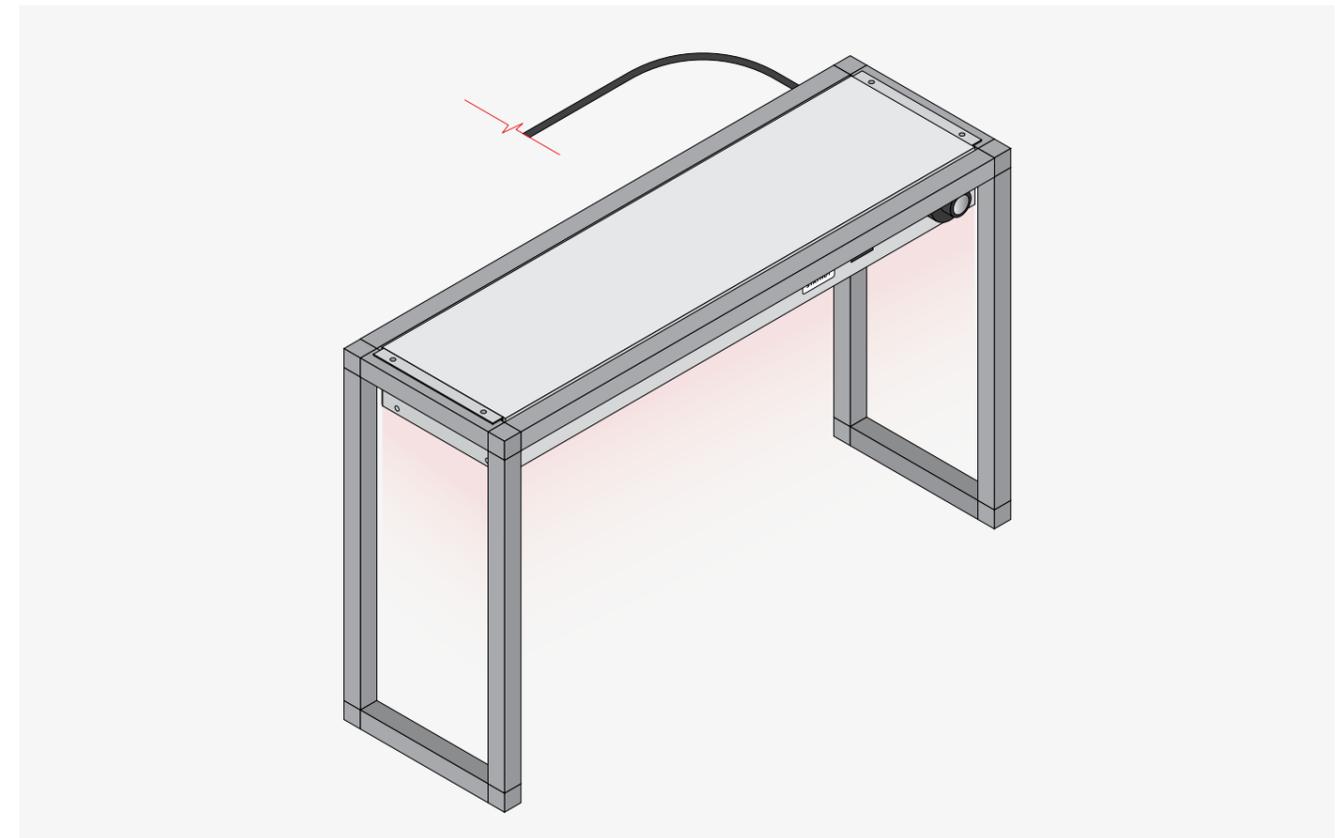

We offer stands for our strip heaters. A flexible alternative for anyone who wants a freestanding solution for their strip heater instead of mounting it under a shelf.

Manufactured using high quality brushed stainless steel tubes, all stands include a sheet of tempered glass to be used as shelf space.

Our stands are easy to bring out when need, say for a breakfast or lunch buffet, and can be easily taken away when not needed.

All prices include an 8 mm sheet of tempered glass as a top shelf.

If a customer wishes to order a stand without glass, the total price will be deducted € 35 - 50 depending on the strip heater model.

Strip Heater Stands

Model Stand for Strip Heater V-570

STAYHOT HOT TRAYS

Our high quality hot trays are a great addition to any restaurant buffet. Using durable ceramic glass, our hot trays are functional, elegant & affordable.

Stayhot Hot Trays

Manufactured with extremely durable ceramic glass, our hot trays are functional, elegant and affordable.

Stayhot Hot Tray WP 250

Effective hot tray for the food buffet, manufactured with ceramic glass.

Material	Ceramic glass
Heat Source	Foil elements
Dimensions	640 x 340 x 40 mm
Power	250 W
Voltage	230 V
Heated Area	530 x 325 mm

Art.-Nr.	WP-250
Price	€ 309

Stayhot Hot Tray WP 305 RE

Hot tray with variable temperature via thermostat from 40 °C to 105 °C.

Material	Ceramic glass
Heat Source	Foil elements
Dimensions	640 x 340 x 40 mm
Power	250 W
Voltage	230 V
Heated Area	530 x 325 mm

Art.-Nr.	WP-305-RE
Price	€ 346

New!

Stayhot Recess Hot Tray WPE 307

WPE 307 is our new elegant recess model for a more permanent buffet solution. Separate temperature control.

Material	Ceramic glass
Heat Source	Foil elements
Dimensions	570 x 365 x 45 mm
Power	300 W
Voltage	230 V
Heated Area	530 x 325 mm

Art.-Nr.	WPE-307
Price	€ 585

Stayhot Hot Tray WP 350

Effective hot tray for the food buffet, manufactured with ceramic glass.

Material	Ceramic glass
Heat Source	Foil elements
Dimensions	720 x 425 x 40 mm
Power	350 W

02. Chill Trays

STAYCHILL CHILL TRAYS

Sometimes you just need to keep cool & calm. For these moments, we can offer our Staychill™ Chill Trays, available in five gastronorm sizes. They will keep your food appetizingly fresh, & most importantly, cold.

STAYCHILL CHILL TRAYS

Flexible & effective, our
chill trays keep the food
on the buffet cold.

Staychill Chill Trays

Whether it is for the breakfast buffet or the salad buffet, Staychill™ is the effective solution for keeping food cold.

Our Chill Trays keep anything from sandwiches to butter cold, whilst being an excellent helper for holiday buffets as well as any cold cut smorgasbord.

Staychill Chill Trays

Instructions Put the Staychill Chill Tray in the freezer overnight (+12 hours). It will maintain a temperature below +8 °C for at least 3 hours.

Hot & Cold Plates GN 1/1

A short technical introduction to our hot & cold plates

Cut-out Measurements

The cut-out measurements for our combo plates are the outer dimensions +5 mm for each side. This is based on a support construction below the product, on which the plate is resting. This is used to perfect the height using adjustable screws, Silicone is then used to seal the edges.

Ventilation

Underneath the plate there is a fan that draws in fresh air through the ventilator. The plate needs to both allow in fresh air and evacuate warm air.

To ensure a constant airflow, we recommend ventilation holes in the space underneath the plate to ensure supply air and exhaust air.

The temperature inside the cabinet should not exceed +40 ° C.

Top Surface

The top surface has aluminium as a base and stainless steel as the top plate. You can also order the plates with Gorilla® Glass, in four different colors.

Power Cable

All hot & cold plates come with 2 meter long power cable.

Kontrollpanel

Go from cold to hot with ease using our controller with digital display.

Compressor

Compact and efficient cooling compressor keeps the plate cold.

StayHot&Cold Combo Plates

Built-in Compressor

StayHot&Cold Combo Plate GN 1/1

Combo Plate with built-in compressor, ready to plug in. Keeps heated food hot and cold food chilled. Temperature adjustable from -5 °C to +140 °C

Top Surface	9,5 mm multi-layer material Aluminium / Stainless Steel
Dimensions	530 x 330 x 230 mm
Cut-out Measure	540 x 340 mm
Voltage	240 V, 50/60 Hz
Power	850 W
Cables	1 m controller cable / 2 m power supply
Requirements	Supply- and exhaust air must be ensured

Art.-Nr. SHC-GN-1/1
Price € 2985

Addon Glass Coating 2 mm (Gorilla® Glass)
 Art.-Nr. SHC-GN-1/1-GLAS
Price € 248

StayHot&Cold Combo Plate GN 2/1

Combo Plate with built-in compressor, ready to plug in. Keeps heated food hot and cold food chilled. Temperature adjustable from -5 °C to +140 °C (at an ambient temperature of +22 °C).

Top Surface	9,5 mm multi-layer material Aluminium / Stainless Steel
Dimensions	530 x 660 x 230 mm
Cut-out Measure	540 x 670 mm
Voltage	240 V, 50/60 Hz
Power	1520 W
Cables	1 m controller cable / 2 m power supply
Requirements	Supply- and exhaust air must be ensured

Art.-Nr. SHC-GN-2/1
Price € 3645

Addon Glass Coating 2 mm (Gorilla® Glass)
 Art.-Nr. SHC-GN-2/1-GLAS

Power	2100 W
Voltage	230 V
Material	Stainless Steel, Ceramic Glass

Model	Induction Hob CT 2100/IN
Art.-Nr.	CT-2100-IN
Price	€ 264

Induction Cooking Hob CT 2215/IN

Induction cooking hob made out of ceramic glass with TouchControl.

Dimensions	305 x 410 x 65 mm
Cooking Surface	Ø 190 mm
Power	2200 W
Voltage	230 V
Material	Stainless Steel Schott Ceran® Ceramic Glass

Model	Induction Hob CT 2215/IN
Art.-Nr.	CT-2215-IN
Price	€ 368

Induction Cooking Hob CT 2010/IN

Induction cooking hob made out of ceramic glass with TouchControl. Temperature pre-selection from 60 °C to 240 °C.

Dimensions	300 x 380 x 60 mm
Cooking Surface	Ø 200 mm
Power	2000 W
Voltage	230 V
Material	Ceramic Glass

Model	Induction Hob CT 2010/IN
Art.-Nr.	CT-2010-IN
Price	€ 198

Induction Cooking Hob CT 3410/IN

Dual induction cooking hob made out of ceramic glass with TouchControl. Temperature pre-selection from 60 °C to 240 °C.

Dimensions	600 x 360 x 66 mm
Cooking Surface	2 x Ø 120-230 mm
Power	3400 W (2000 + 1400 W)
Voltage	230 V
Material	Ceramic Glass

Model	Induction Hob CT 3410/IN
Art.-Nr.	CT-3410-IN
Price	€ 318

Freestanding Hobs

Freestanding hobs using induction, touch control and robust cooking hobs made out of cast iron.

Freestanding Hob CT 2203/TC

Freestanding hob made out of ceramic glass (Ceran®) with TouchControl, overheating protection and two cooking zones.

Dimensions	305 x 410 x 75 mm
Power	2200 W
Voltage	230 V
Cooking Surface	Ø 140-210 mm
Weight	3.2 kg
Power Cable	1 m
Material	Stainless Steel Schott Ceran® Ceramic Glass

Model	Freestanding Hob CT 2203 / TC
Art.-Nr.	CT-2203-TC
Price	€ 284

Freestanding Hob CT 3400/E

Freestanding hob made out of ceramic glass (Ceran®) with retractable knobs. Superior, easy-care casing made of brushed stainless steel.

Dimensions	550 x 310 x 65 mm
Power	3400 W
Voltage	230 V
Cooking Surface 1	Ø 145 mm, 1200 W
Cooking Surface 2	Ø 140 - 210 mm, 2200 W
Weight	3.7 kg
Power Cable	1 m
Material	Stainless Steel Schott Ceran® Ceramic Glass

Model	Freestanding Hob CT 3400 / E
Art.-Nr.	CT-3400-E
Price	€ 388

Cast Iron Hob THS 2022/E

Durable, extra large and powerful professional cast iron heating plate. Ideal for larger pots and pans. Power control via 7-step switch.

Dimensions	280 x 315 x 80 mm
Power	2000 W
Voltage	230 V
Cooking Surface	Ø 220 mm
Weight	3.9 kg
Power Cable	1 m

Model	Cast Iron Hob THS 2022 / E
Art.-Nr.	THS-2022-E
Price	€ 199

SiNA INDUCTION HOBS

SiNA induction hobs manages to combine functionality, quality, energy efficiency and a high power density with a unique visual design.

SiNA Induction Hobs

SiNA induction hobs manages to combine functionality, quality, energy efficiency and a high power density with a unique visual design.

New!

SiNA Induktionshällar

SiNA induction hobs are small in size but extremely powerful in power and capability.

These flexible induction hobs combine elegant design with incredibly high performance. The cooktop reaches the right temperature within seconds and keeps the heat in an optimal way, even for large quantities, whether you boil, blanch, burn or cook.

With the patented SlideControl feature, you can easily control the heat by changing the placement of the pan.

Choose between Single, Double and Wok hobs.

Slice & Dice

SLICERS, DICERS & WEDGERS

Slicer, chop, wedge, dice & cut with our reliable, functional & affordable food preparation equipment.

High quality materials with razor sharp blades – these products will stand the test of time.

EDLUND MANUAL FRUIT & VEGETABLE SLICER

Edlund manual fruit
& vegetable slicers are
reliable, durable & effective.
Made in U.S.A.

Edlund Manual Slicers

Quality slicers made out of stainless steel that easily slices everything from hard potatoes to soft strawberries.

Edlund ARC!™

Edlund introduces the ARC! fruit and vegetable slicer, the first slicer that can cut through an onion or potato with ease, and, slice a very ripe tomato even better. Plus, with our exclusive patent-pending design, you never have to place the product directly on the blades. The unique Pusher/Hopper allows safe and perfect positioning of the product to be sliced, as well as for loading smaller soft products like strawberries for faster bulk slicing. Our quick change blade cartridge with wash guard ensures safe handling and the all stainless steel construction of the ARC! will weather any storm.

Dimensions	240 x 510 x 660 (mm)
Material	Stainless Steel
Certification	NSF Certified
Patent	Exclusive Patent Pending Design
Cleaning	Dishwasher Safe
Weight	14,5 kg

Price	€ 266

Edlund ARC!™ XL

Edlund's new ARC! XL stainless steel manual slicer takes on the big guys that other slicers are afraid of. And like the original ARC!, It will slice those onions and tomatoes perfectly, as well as many other hard and soft products, in the same machine. With our exclusive patent-pending design, you never have to place any product directly on the blades. Our unique Pusher/Hopper allows safe and perfect positioning of the product to be sliced-

Spiral Cutter

Create unique shapes with this high quality spiral cutter. Handmade in U.S.A.

Spiral Fry Original

Spiral Fry™ PotatoKutter

Spiral Fry lets you turn potatoes into platesful of uniquely appetizing, fresh, thin spiral fries that serve up big profits for you. Simply load up to a 70-ct. potato, and turn the easy-action drive screw. No peeling required. Easily releases and retracts for fast reloading. Preset drive depth protects blades from contact with metal parts. Heavy-duty construction adds durability and long life. Mounts securely on any flat surface for left- or right handed operation. Removes easily for quick cleanup—just loosen the mounting nut, slide out and rinse. Fine Cut Garnish Cutter makes attractive vegetable garnishes quickly and easily. The Ribbon Fry Cutter makes a great side for sandwiches. The unique chip Twister Fry is the newest trend!

Stayhot Soup Kettles

Our soup kettles lend themselves perfectly to the self service clientel. The soup kettles' gentle 300 watt dry heat appliance needs less attention to cleaning than wet well kettles which often run dry and become overheated and inefficient. Choose between a variety of models, recess and freestanding.

Our History

OUR HISTORY & CONTACT

We are a family business with over 30 years of experience.

We combine tradition and industry knowledge with innovation and enthusiasm.

OUR HISTORY

With over 30 years experience, we combine tradition with progressive thinking.

1986

1987

1993

1996

2015

2017

1986
Eva och Per founded Lobelius Agenturer.

1987
Stayhot's first logotype, designed by Per Lobelius.

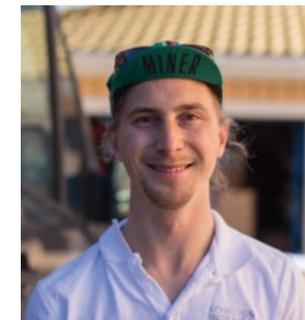

1996
After 10 years in business, the company moves from the basement of Eva och Per, to the house next door in Sollentuna, north of Stockholm.

1993
Old printed adverts.

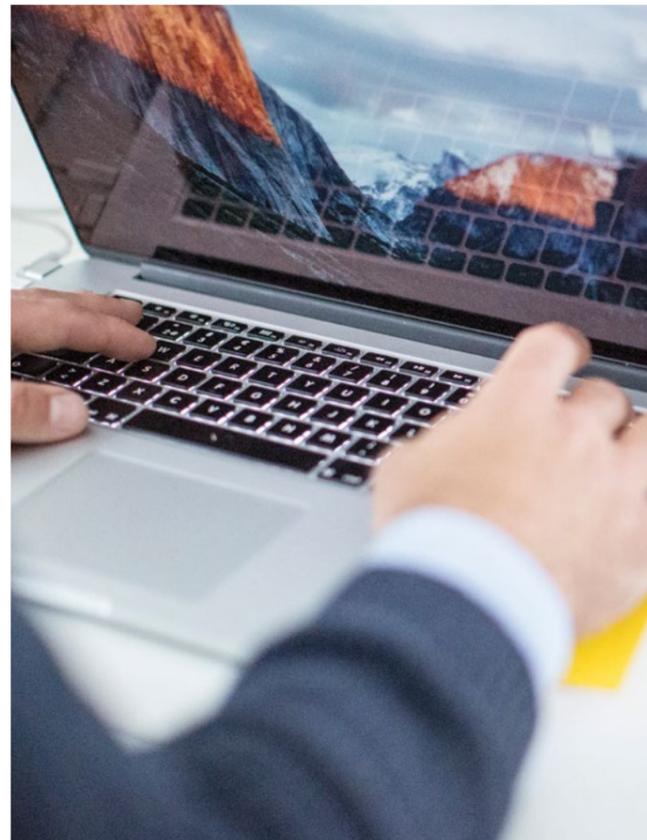

2017
After more than 20 years at our previous address, we finally move into a larger space, which houses our stock, production and office. The same building where our founder, Per, worked out of when it was originally built, in 1983.

2015
Second generation Lobelius enters the business — three sons — Karl, Felix & Erik.

WE ARE STAYHOT

We're flexible enough to work with all types of clients and projects, whilst remaining small enough to offer personal service.
